ECTS Administration Team and JOC,

Please accept my letter of resignation effective August 29th, 2022.

My decision to resign was finalized after a long and careful consideration of many factors. I regret leaving the students and friends I have made within the school, but I feel the change will be beneficial to my long-term career goals. Despite leaving the school, I will continue to promote ECTS within the community and automotive industry.

This comes with a heavy heart but the opportunity to lead technical education for an automotive manufacturer has always been a dream of mine. I'm hopeful my new role will allow me to push for more automotive manufacturer support of schools like ECTS.

As a teacher, my students always came first. I know that my departure may create short term issues. However, please know I am available to aide in the transition to the new automotive instructor and will assist with filling any gaps while that candidate is sought.

Thank you again for the opportunity to work within ECTS, I wish you all nothing but the best.

Sincerely,

Matthew Walter
