Subject: Auto position

I took the weekend as you suggested. All initial issues aside. I was excited to get some of the logins and get the students moving in the right direction. I will continue to help, if you'd like, as long as I can, but... I do believe this is not a great fit for me.

The learning curve on school stuff is a little steep and the level of teaching that needs done is surprisingly remedial. I'm having trouble dialing it down as far as necessary. I would like you to keep looking for a long term replacement.

Again, thanks for the opportunity and I hope to continue helping, on some level, in the community.

Let me know how you want to proceed. I can continue working and help the class move forward if you like while you post the position.

Thanks again, sincerely Bryan Kerr 9/11/23
