Dear Lesa Scalise & Cathrine Doty

I want to thank you for the opportunity you guys have given me, but I'm sad to have to resign from coming back for the next school year. Unfortunately, I must go back to working at the hospital full time to be able to be financially stable for Lena and I. I am incredibly grateful and value the insight that I have learned from everyone. I would also like to thank you, for always being supportive. I have enjoyed working with everyone.

Sincerely,

Donielle Betcher
