Please allow this letter to serve as my formal request for extended leave due to health issues. At the end of February 2025, I suffered a medical event which required hospitalization. While my condition has greatly improved since then, I have had several doctor's visits and will be going for testing at the end of May.

Based upon this situation, I will not be able to return to work for the remainder of the 24-25 school year.

If my health permits, I plan to return to Erie Technical School for the 25-26 school year.

Thanks for your support and understanding.
