

I regret to inform you that I will not be returning to ECTS as I have taken employment with the Charter School of Excellence. I appreciate the opportunities I was given during my time with ECTS and wish you all the best. If possible I would like to ask that my email be left with whoever is takes up the position of networking instructor and I would be open to being a guest speaker if desired. I hope your summer is going well and would like to thank you again for being a wonderful supervisor and giving me this opportunity at ECTS.

Thank you,
Ryan Hart
